

NATIONAL FOREIGN INTELLIGENCE BOARD

JAN 31 1978

MEMORANDUM FOR NATIONAL FOREIGN INTELLIGENCE BOARD

FROM:
Acting Deputy to the DCI for the
Intelligence Community

SUBJECT: Comments on Title II of Draft Senate Select Committee
on Intelligence Bill

1. Reference is NFIB 8.2/4, subject as above, dated 19 January 1978.

2. A copy of Title II of the overall "National Intelligence Reorganization and Reform Act of 1978" was reviewed at a meeting of Community representatives on 26 January. In part, at least, because of the level of Community concern expressed at that meeting, the Senate committee staff has prepared an entirely new version of Title II, "Intelligence Activities and Constitutional Rights."

3. Attached is a copy of the new draft, received from the committee staff today.

4. Decision as to whether a meeting should be called to consider the revised draft depends upon further word as to when the committee now plans to introduce its legislation. In the meantime, however, it is suggested you provide your comments on this latest draft Title II to your General Counsel of your department or agency.
